SHL TeleMedicine Ltd. Corporate Governance Report

Introduction

The corporate governance framework of SHL Telemedicine Ltd. (“SHL” or the “Company”) reflects a system of checks and balances among the powers of the shareholders, the Board of Directors (the “Board” or the “Board of Directors”) and the management with the goal to safeguard the interests of SHL and its shareholders while creating sustainable value. SHL is committed to creating transparent, progressive and sustainable corporate management and strives to continuously improve these checks and balances. **Documents related to SHL’s corporate governance can be accessed at the Corporate Governance Section of the SHL website (<https://www.shl-telemedicine.com/corporate-governance/>).**

Changes in the Financial Year 2023

In 2023, SHL Telemedicine achieved key highlights, by increasing its global market strength. Israel’s operations maintained stability and profitability, reflecting the company’s solid foundation in its home market. In the US, significant advancements were made toward launching direct-to-consumer (B2C) sales of the SmartHeart® ECG platform, enhancing access to remote cardiac care. Additionally, the launch of virtual visit services in Germany, in collaboration with BARMER, marked a significant expansion of SHL’s offerings, further demonstrating the company’s innovative approach to telemedicine and its commitment to broadening healthcare accessibility.

In the United States, SHL made significant strides in its direct-to-consumer strategy, prioritizing promotion of its SmartHeart® ECG technology. This strategic initiative carries immense value and potential for growth. Concurrently, SHL continues to leverage its Tier1 strategic customer relationships, including the integration within CVS Minute Clinics, underscoring SmartHeart’s increasing acceptance in the healthcare ecosystem.

In 2023, clinical studies from Mayo Clinic and the Imperial College London showcased SmartHeart®’s unique promise to reduce emergency visits and readmission rates for cardiac patients. The final TELE-ACS findings from Imperial College London

study presented at ACC24 and published in JACC, revealed groundbreaking results including a 76% reduction in hospital readmissions and a 41% decrease in ED visits, validating SHL’s unique offering in remote cardiac care.

SHL’s SmartHeart® technology also excelled in the U.S. Army’s Project Convergence – Capstone 4 experiment, showcasing its reliability and advancing military healthcare.

During 2023, SHL strengthened its leadership by appointing Mr. Bernd Alpeter, a highly experienced healthcare executive in the German market, as General Manager of SHL German operations.

Following the fund raising of CHF 35 million in 2021, 1.9 million of investor options were exercised during Q1, 2023. With total proceeds of CHF 21 million resulting from said options exercise, SHL completed successfully a total fund raising of CHF 56 million.

In addition, on April 3, 2023, the Company’s American Depositary Shares (“ADSs”), each representing one (1) Ordinary Share, commenced trading on the Nasdaq Capital Market under the symbol “SHLT”.

In its further decision 0672/04 dated September 1, 2018, the TOB resolved not to grant an extension of the deadline for such tender offer and to suspend said parties’ voting rights as well to prohibit any purchase of additional shares by same the parties until such tender offer would be performed. On May 29, 2019, the TOB, on its own initiative, reduced the minimum price of the mandatory tender offer to CHF 7.70 following a dividend distribution of USD 1.00 by SHL in April 2019. General

Under Israeli law, a company's authorized share capital represents the maximum number of shares which is authorized for issuance by the company. As of the date hereof, SHL's authorized share capital is comprised of NIS 250,000 divided into 25,000,000 ordinary shares of NIS 0.01 par value each (the "Ordinary Shares"). The issued and outstanding share capital of SHL, as of December 31, 2023, was NIS 163,913.82, divided into 16,391,382 fully paid issued ordinary shares (excluding 1,372 Ordinary Shares held by SHL).

Any increase in the authorized share capital is valid as of the date of the approval thereof by the shareholders (with respect to special majority requirements, please refer to Section 6.2 below). Authorized share capital, or any increase thereof is not limited in time. However, the shareholders may, at the General Meeting, cancel authorized but not yet issued share capital, provided that the Company did not undertake to issue shares out of such authorized but unissued share capital. Pursuant to SHL's Articles of Association, the unissued shares are under the sole control of the Board of Directors of SHL who has the authority to allot or otherwise dispose of them on such terms and conditions as it may see fit. Generally, any such issuance of shares is valid as of the date of the approval thereof by the Board of Directors.

Under the 2021 Share Incentive Plan (as such term is hereinafter defined) the

maximum number of options in SHL's pool is up to 4,077,346 Ordinary Shares (subject to adjustments as set forth in the 2021 Share Incentive Plan) reserved for issuance upon exercise of options that may be granted. As of the date hereof, the pool is 4,077,346, out of which 1,920,500 options are available for grant. For additional information with respect to the share incentive plan adopted by SHL and the grant of options to purchase Ordinary Shares, see the following Section "2021 Share Incentive Plan". The same provisions apply to RSUs (as defined below) granted by SHL under the 2021 Share Incentive Plan, *mutatis mutandis*.

In the framework of the Private Placement (as hereinafter defined), SHL undertook to grant 800,000 First Closing Options and 1,144,444 Second Closing Options to be exercised within 24 months of the First Capital Increase (i.e. by 20 January 2023) or the Second Capital Increase (i.e. by 16 February 2023), respectively. As of December 31, 2023, 1,914,478 options were exercised and 29,967 options were forfeited. (as such terms are defined in the following Section 2.3 "Changes in Capital Structure within the Last Three Financial Years").

The plan is in effect until terminated by the Board. Pursuant to the 2021 Share Incentive Plan, equity compensation, such as options or restricted share units (rights to receive shares of the Company under certain terms and conditions, for a consideration of no more than the underlying shares' nominal value) ("RSUs"), may be granted to executives, directors (whether executive or non-executive) and key employees of the Company or its subsidiaries, whereby the Board of Directors has full discretion to determine the specific grantees from time to time. The maximum number of Ordinary Shares which may be issued under the 2021 Share Incentive Plan and under any other existing or future share

incentive plans of the Company is 4,077,346, subject to adjustments as provided in the 2021 Share Incentive Plan.

On December 31, 2023 the number of options actually available for issuing under the 2021 Share Incentive Plan was 1,905,500 (as of the date hereof the number of options actually available for issuing is 1,920,500). No RSUs have been granted so far. Pursuant to the 2021 Share Incentive Plan, the exercise price of options shall be the closing price for an Ordinary Share on the last trading day prior to the grant, unless determined otherwise by the Company's Board of Directors in its discretion. However, with respect to all option grants since May 2010, the Board of Directors determined in each case that the exercise price for such option grants shall be the average share price in the thirty (30) trading days preceding the date of grant. The foregoing has also been stipulated as the exercise price applicable to any grants of share-based compensation to the Company's officers pursuant to the 2024 Company's Officer Compensation Policy which will be brought to the shareholders' approval on the SGM to be held on May 9, 2024 (the "2024 Compensation Policy" or the "Compensation Policy", see Section 5.1 "Content and Method of Determining the Compensation and of the Shareholding Programs – Compensation Policy"). Further, pursuant to a resolution of the Board as of November 7, 2010, all options issued under the 2021 Share Incentive Plan are exercised by way of the net exercise method. Options granted under the 2021 Share Incentive Plan shall vest, unless determined otherwise by the Board, one-third (1/3) on each of the first, second and third anniversary of the date of grant, so that all options shall be fully vested and exercisable on the first business day following the lapse of thirty six (36) months from the date of grant, contingent upon the achievement of certain market and performance conditions which, unless determined otherwise by the Board, shall be based on the rate of the increase in the market price of the shares and of the Company's earnings per share. The Board may in its discretion reduce the relevant performance targets to zero, and has done so in all instances since June 2011. The options shall

expire six (6) years from the date of grant (unless expired earlier under the terms of the 2021 Share Incentive Plan or the relevant award agreement). With respect to option grants to Company's officers, the Company's 2024 Compensation Policy provides a certain minimum vesting period, as follows: (i) first cliff after one (1) year from the date of grant; and (ii), full vesting shall occur no earlier than 36 months from the date of such grant. As of December 31, 2023, the authorized share capital amounted to NIS 250,000.00 divided into 25,000,000 Ordinary Shares of NIS 0.01 par value. On January 21, 2021, the Company issued 1,300,000 new Ordinary Shares (the "**First Capital Increase**") and on February 17, 2021 additional 2,288,889 new Ordinary Shares (the "**Second Capital Increase**"), each for CHF 9.00, from the authorized capital, resulting in 14,467,380 Ordinary Shares issued as of the date of the Second Capital Increase.

The shares from the First Capital Increase and the Second Capital Increase were privately placed with individual, mostly institutional Israeli investors (the "**Private Placement**"), along with 800,000 options at the closing of the First Capital Increase (the "**First Closing Options**") and 1,144,444 options at the closing of the Second Capital Increase (the "**Second Closing Options**"), each to purchase one further new ordinary share to be issued from the authorized capital at the exercise price of CHF 11.00 within 24 months as from the First Capital Increase (i.e. by 20 January 2023) or Second Capital Increase (i.e. by 16 February 2023), respectively. 2.4. The Company's Securities

2.4.1. The ADSs and the Ordinary Shares

General

All issued ADSs and Ordinary Shares (together, the "**Securities**") are registered Securities ranking *pari passu* in all respects. The Securities do not have preemptive rights. The ownership or voting of Securities by non-residents of Israel, except with respect to citizens of countries which are in a state of war with Israel, is not restricted in

any way by the Articles of Association of SHL or the laws of the State of Israel. Each ADS represents one (1) Ordinary Share, and all such Ordinary Shares are held by The Bank of New York Mellon, the Depository for the ADSs. The Ordinary Shares are in book entry form only. No share certificates are issued. All issued Ordinary Shares are booked into the Clearing System of SIX SIS Ltd. Since January 1st, 2017, Computershare Schweiz AG ("**Computershare**") is handling the share register. To exercise their voting rights, holders of Ordinary Shares must be registered with Computershare (see Section 6.5 below). All of the issued and outstanding Ordinary Shares have been fully paid up.

Liquidation and Dividend Rights

In the event of SHL's liquidation, after satisfaction of liabilities to creditors, SHL's liquidation proceeds will be distributed to the holders of the Securities in proportion to the nominal value of their respective holdings. This liquidation right may be affected by the grant of preferential dividend or distribution rights to the holders of a class of shares with preferential rights that may be authorized in the future. Under the Israeli Companies Law, dividends may be paid out of profits and other surpluses, as calculated under the Israeli Companies Law, or as accrued over a period of two years, whichever is higher, each based on the most recent financial statements of the Company (provided that the date with respect to which such financial statements were prepared does not pre-date the distribution by more than six (6) months); provided, however, that there is no reasonable concern that the payment of such dividend will prevent the Company from satisfying its existing and foreseeable obligations as they become due. Any dividends will be subject to Israeli withholding tax. SHL's Articles of Association provide that the Board of Directors may from time to time declare and cause SHL to pay such dividend as may appear to the Board of Directors to be justified by the profits of SHL. The shareholders entitled to receive dividends are the shareholders on the date upon which it was resolved to distribute the dividends or at such later date as shall be provided in the resolution in question.

Voting Rights

Holders of Securities have one vote for each Ordinary Share held (or underlying an ADS) on all matters submitted to a vote of shareholders. For additional information regarding voting rights of the holders of our Securities, see Section 6.1 “Voting Rights Restrictions and Representations” below. See also information regarding the suspension of voting rights of the shares held by Himalaya (Cayman Island) TMT Fund, Himalaya Asset Management Ltd., Xiang Xu, Kun Shen, and Mengke Cai in the Section “Changes in the Financial Year 2023” – “Swiss Takeover Board Proceeding” above.

In case a company purchases its own shares, under the Israeli Companies Law, such shares become dormant and do not confer voting or any other rights so long as such shares are held by the company. As of December 31, 2023, the Company held 1,372 of its own Ordinary Shares. There are no preferential voting rights attached to any of the Securities of SHL.

2.4.2. Duties of Shareholders

Under the Israeli Companies Law, each shareholder has a duty to act in good faith and customary way toward the Company and other shareholders and to refrain from abusing his or her powers in the Company, such as in shareholder votes, and from discriminating other shareholders. Furthermore, specified shareholders have a duty of fairness towards the Company. These shareholders include any controlling shareholders, any shareholder who knows that he or she possesses the power to determine the outcome of a shareholders’ vote and any shareholder who, pursuant to the provisions of the articles of association, has the power to appoint an office holder or any other power with respect to the company. However, the Israeli Companies Law does not define the substance of this duty of fairness. The aforesaid duties of shareholders also apply to persons registered with the share register of the Company to the extent such persons exercise the rights attached to the Ordinary Shares.

In addition, under the Israeli Companies Law, the disclosure requirements that apply to an office holder in a public company with respect to a personal interest such office

holder may have with respect to an existing or proposed transaction of the company also apply to a controlling shareholder of a public company. For such purpose, a controlling shareholder is a shareholder who has the ability to direct the activities of a company, including a shareholder that owns twenty-five (25) percent or more of the voting rights if no other shareholder owns more than fifty (50) percent of the voting rights, and whereby a person holding more than half of the means of control of a company (including the right to appoint a majority of the directors or the right to appoint a company’s general manager) is presumed to control such company. Further, any shareholder participating in a vote on an extraordinary transaction (including a private placement which is an extraordinary transaction) with a controlling shareholder or an extraordinary transaction with another person in which a controlling shareholder has a personal interest, or the engagement of a controlling shareholder or its relative as an office holder or employee (including the terms and conditions of the directors and office holders insurance and indemnification), must notify the Company prior to the relevant vote whether or not it has a personal interest in the relevant transaction – if no such notification is made, such shareholder is not entitled to vote and any vote of such shareholder is not counted (for approval requirements in connection with controlling shareholder transactions, please refer to Section 6.2 on “Statutory Quorums” below). The same notification requirement applies to (a) shareholders that have a personal interest in the appointment of an Independent (External) Director (for election of Independent (External) Directors, please see Section 3.1 below); (b) shareholders that have a personal interest in a full or a special purchase offer (for further information, please see Section 8.1 below), and (c) any shareholder that has a personal interest in the approval of the Compensation Policy of the Company (for further details regarding the Compensation Policy, please see Section 5.1 below). Further, an “interested party” in a private placement (i.e. a holder of more than five (5) percent of the shares of a company or one who may become such holder as a result of

the private placement) must promptly disclose any personal interest that he or she may have and any material information known to him or her in connection with such private placement.

Pursuant to the U.S. securities laws and Swiss Financial Market Infrastructure Act of 19 June 2015 (“FMIA”), any shareholder of the Company or group of shareholders acting in concert is required to disclose his/her/its holding if it reaches, exceeds or falls below certain thresholds, subject to limited exceptions. This also applies to ADRs (for ADRs please refer to Section 6.6 below). The relevant thresholds triggering notification are (for U.S. securities laws purposes) 5% and any “material” increase or decrease thereof, and (for FMIA purposes) 3%, 5%, 10%, 15%, 20%, 25%, 33 1/3%, 50% and 66 2/3% of the voting rights of the Company. Persons acting in concert must disclose their shareholdings on a consolidated basis and the holdings of all such a group’s members are aggregated in order to calculate compliance with relevant thresholds. The direct holder as well as any indirect holder (“beneficial owner”, person being able to determine the exercise of the voting rights, whether exercisable or not) must be reported. Additionally, any third party who is not owning the shares but has been mandated to vote the shares in its sole discretion must be disclosed. The relevant shareholdings must be notified (i), in the case of U.S. securities laws, by filing a notification with the SEC (which will then be publicly available on the SEC’s website at www.sec.gov and SHL’s website at www.shl-telemedicine/sec-filing), and (ii), in the case of the FMIA, to the Company and Disclosure Office of the Six Swiss Exchange within four (4) trading days from agreeing on the relevant transaction. In respect of notifications to the FMIA the Company shall then publish the information received within two (2) trading days from receipt of the notification. With respect to disclosure duties of shareholders submitting shareholder statements to the Company, please refer to Section 6.3 below.

The Special General Meeting which was convened on February 21, 2019, approved an amendment to the articles of association of the Company, pursuant to which each shareholder holding 5% or more of the Company’s shares or

voting rights and each member of the Board of the Company is obliged to provide the Company with an address in Israel for the receiving of documents (including judicial documents) (the “Address”). As long as such Address has not been provided, the Company’s registered office will be considered as such shareholder’s and/or director’s Address for the receiving of documents (including judicial documents). On the American Depositary Receipts (“ADRs”) see Section 6.6 below.

2.5. Dividend-right Certificates

No dividend-right certificates were issued by SHL as of the disclosure deadline.

2.6. Limitations on Transferability

Fully paid Securities may be transferred freely. Currently, there are no statutory restrictions limiting the transferability of the Securities. The ownership or voting of Securities by non-residents of Israel, except with respect to citizens of countries which are in a state of war with Israel, is not restricted in any way by the Articles of Association of SHL or the laws of the State of Israel.

Voting rights and the purchase of new shares may be suspended under Swiss law as a sanction for breaches of disclosure obligations and the obligation to publish a tender offer for all shares (see Section “Swiss Takeover Board Proceeding” above).

2.7. Convertible Bonds and Options

No Convertible Bonds have been issued by SHL. Information on Options may be found in the Section 2.2 “Authorized Capital, Issued Capital and Options”.

3. Board of Directors

The primary duties of the Board are defined in the Israeli Companies Law and in the Articles of Association of SHL. For a description of powers and duties of the Board of Directors, please refer to Section 3.3 of this report.

3.1. Members of the Board of Directors

The Articles of Association provide for a Board consisting of up to nine (9) members and not less than three (3) members until

otherwise determined by simple resolution of the shareholders of SHL. As of December 31, 2023 the Board consists of eight (8) members, of whom two (2) members are Independent (external) Directors (Mr. Abramovich and Ms. Kimhi), and as the date hereof, the Board consists of six (6) members, of whom two (2) members are Independent (external) Directors (Mr. Abramovich and Ms. Kimhi) (for further information on Independent Directors, please refer to the following Section of this report).

Independent (External) Directors

Israeli companies that have offered securities to the public in or outside of Israel are required to appoint two (2) Independent (external) Directors under the provisions of the Israeli Companies Law. Each committee of a company's board of directors authorized to exercise the powers of the board of directors is required to include at least one Independent Director, and pursuant to the Israeli Companies Law, the board of directors of a public company is required to appoint an audit committee and a compensation committee which must be comprised of at least three (3) directors, including all of the Independent (external) Directors. For the tasks of the audit committee and the compensation committee, respectively, and further requirements regarding the composition of the audit committee and the compensation committee, please refer to Section 3.3 below. As a general rule, Independent (external) Directors shall be Israeli residents, however, in a company whose shares are traded abroad (such as SHL), Independent (external) Directors may also be foreign residents. In the year under review, there were no Independent Directors who are foreign residents.

Pursuant to the Israeli Companies Law, to qualify for an appointment as an Independent (external) Director, the relevant candidate must possess either financial and accounting expertise or professional skills (as such terms are defined in rules promulgated under said law), provided that at least one (1) of the Independent Directors appointed possesses financial and accounting expertise. Further, all of the following persons are prevented from

serving as Independent Directors: (a) any individual that is a relative of a controlling shareholder (as such terms are defined under the Israeli Companies Law); (b) any individual who has (or any of whose relatives, partners, employer, entities controlled by him, or someone that such individual is directly or indirectly subordinated to has) at the time of appointment or at any time during the two (2) years prior to such individual's appointment as an Independent Director, any "connection" (including, in general, employment, business and/or professional relationships, control and/or service as an office holder) with (i) the Company, (ii) its controlling shareholder(s) at the time of appointment, (iii) a relative of a controlling shareholder at the time of appointment, (iv) any entity whose controlling shareholder(s), at the time of appointment or during the two (2) years prior to the relevant Independent Director appointment is the Company or its controlling shareholder, or (v) the Chairman of the board, the general manager, a holder of 5% or more of the issued and outstanding share capital or voting rights in the company or the most senior financial executive in the company, at the time of appointment, and only if there is no controlling shareholder in the relevant company or a holder of at least twenty five percent (25%) of the voting rights in the company; (c) any individual whose position or other activities create or may create a conflict of interest with his or her role as an Independent Director or may adversely affect such role, or which may compromise such individual's ability to serve as an Independent Director; (d) an employee of the Israeli securities authority or an Israeli stock exchange; (e) a director of another company, if a director of such other company serves as an Independent Director in the first company; (f) without derogating from the restrictions set forth under (b) above, any individual who has (or whose relative, partner, employer or person to whom he/she is directly or indirectly subordinated to, or a company in which he/she is a controlling shareholder has) business or professional relationships with any person with respect to which an affiliation is prohibited under (b) above, even

if such relationship is not an ongoing, constant relationship, and excluding relationships that are negligible; or (g) any person which in his/her service as an Independent Director received any compensation for his/her service beyond that authorized in accordance with applicable regulations promulgated under the Israeli Companies Law.

In addition, for a period of two (2) years following termination of the service of an Independent Director, the company in which such Independent Director served, as well as its controlling shareholder and/or any entity under such controlling shareholder's control may not directly or indirectly provide any benefit to such Independent Director (as well as his/her spouse and children), including, without limitation, appointment as an officer holder, engagement as an employee or provider of professional services against consideration, whether directly or indirectly and whether individually or through an entity controlled by such Independent Director, all with respect to the company and any entity under control of the controlling shareholder of the company. The foregoing limitations also apply to relatives (as defined under the Israeli Companies Law) of the Independent Director who are not his/her spouse or child, but then for a period of one (1) year from termination of service.

The Independent Directors generally must be elected by a majority vote of the shareholders, provided that (a) such majority includes a majority of shares held by shareholders who are not a controlling shareholder or who do not have a personal interest in the appointment (except a personal interest which is not the result of a relationship with the controlling shareholder) and who are voting thereon, whereby abstaining votes will not be taken into account, or (b) the percentage of the voting rights held by shareholders as described under and which object to the appointment is not more than two (2) percent of the voting rights of the company (the Minister of Justice may determine a different percentage; no such determination has been made to date).

The term of an Independent Director is three (3) years and may be extended by two (2) additional terms of three (3) years each.

Independent Directors may be re-elected to any of the two additional terms beyond their initial three (3) year term as aforesaid only subject to fulfillment of either of the following conditions: (a) one or more shareholders holding one percent (1%) or more of the voting rights of the company proposed such additional service period, and the appointment is approved by the general meeting with a majority of votes subject to the following: (i) the votes of controlling shareholders or anyone who has a personal interest in the appointment (excluding a personal interest which is not the result of a relationship with the controlling shareholder) and abstaining votes are not counted; (ii) the number of votes supporting the appointment (from among those shareholders which are not controlling shareholders or have a personal interest as aforesaid) amounts to more than two percent (2%) of the overall voting rights in the company (the Minister of Justice may determine a different percentage; no such determination has been made to date); and (iii) such Independent (external) Director may not be (A) at the time of appointment a Related or Competing Shareholder (as defined hereafter) or a relative thereof; or (B) a person with "connections" (as defined above) to a Related or Competing Shareholder at the time of appointment and the two (2) years prior thereto. "Related or Competing Shareholder" is defined under the Israeli Companies Law as (x) the shareholder proposing such appointment; or (y) a holder of shares or voting rights in the company of at least five percent (5%); and with respect to either of the foregoing, to the extent that at the time of appointment of the Independent Director such shareholder, a controlling shareholder thereof or a company under the control of the foregoing has business connections with the company, or that it, a controlling shareholder thereof or a company under the control of the foregoing is a competitor of the company; or the Board proposed the additional service term of such Independent Director and such appointment is approved in the same way as the appointment for the initial term is approved (see above); or the Independent (external) Director himself/

herself proposed his/her re-election, and the appointment is approved in accordance with the conditions described under (a) above.

Independent (“Non-Dependent”) Directors

Pursuant to the Israeli Companies Law, a public company may also designate certain directors as independent (non-dependent) directors. Pursuant to the relevant provisions of the law, independent (non-dependent) directors are either (i) Independent (external) Directors as set forth above, or (ii) such persons who fulfill all of the requirements applicable to Independent (external) Directors, as confirmed by the Audit Committee, except special financial or professional qualifications, and who have not served as a director of the Company for more than nine (9) continuous years (whereby any interruption of less than two (2) years does not suffice to constitute a disruption of such continuance). Unlike Independent (external) Directors, independent (non- dependent) directors are not elected for three year terms, but may be re-elected each year. No special majority requirements apply with respect to their election.

As set forth below, a majority of the members of the Company’s Audit Committee are required to be independent (non-dependent) directors (i.e. including the Independent (external) Directors). The Company has currently no directors (other than the Independent (external) Directors as such) that have been designated by the Audit Committee as independent (non-dependent) directors.

Nasdaq Independent Directors

Each of our two external directors, Mr. Yehoshua (Shuky) Abramovich and Ms. Dvorah Kimhi, as well as Prof. Amir Lerman, is considered “independent” under Nasdaq and SEC independence standards. In addition, all members of our Audit Committee are required to satisfy special independence requirements for members of audit committees under Nasdaq regulations and U.S. securities laws.

Although our ADSs are listed on Nasdaq, we are permitted to follow certain home country corporate governance practices instead of certain Nasdaq corporate governance standards.

For instance, under the Israeli Companies Law we are not required to maintain a compensation committee comprised of independent directors, and the charters of our board committees do not necessarily contain all of the Nasdaq charter requirements for such committees of U.S. domestic companies.

Pursuant to the Articles of Association of SHL, all members of the Board, except the two (2) Independent (external) Directors (who are to be elected as described above, pursuant to the provisions of the Israeli Companies Law), are elected individually at the Annual General Meeting of the shareholders by a vote of the holders of a majority of the voting power represented at such meeting to serve until the next Annual General Meeting. All directors of SHL, except for the Independent (external) Directors - who may only serve three (3) three-year terms (please refer to the description above) may be re-elected with no limit. Pursuant to the provisions of the Israeli Companies Law, each candidate for directorship in a public company is required to execute a written declaration pursuant to which such person has the requisite qualifications and is able to dedicate the required time to its service as a director, and further that none of the reasons stipulated under the Israeli Companies Law preventing such director from being eligible for service as a director (such as a court conviction of an offense of corruption, fraud or use of inside information so long as five (5) years have not yet lapsed from the date of the relevant verdict) apply. With respect to Independent (external) Directors, the proposed candidates have to further submit a declaration that they fulfill the special professional qualification requirements stipulated under the Israeli Companies Law applicable to Independent Directors (see Section 3.1 above). The foregoing declarations have to be submitted prior to the call for a shareholders' meeting at which the relevant candidate is proposed to be elected as a director. In addition to the foregoing, a person who is a candidate to be a director of a company is required to disclose to the company, amongst others, whether the enforcement committee instituted under the Israeli Securities Law has imposed certain enforcement measures on such person preventing him/her from serving as a director in a public company, so long as the applicable period of restriction imposed

has not yet lapsed. If sanctions were imposed which prohibit service as a director in a public company, then (a) the relevant candidate will not be appointed as a director; and (b) the service of any person already serving as a director will immediately terminate with submission of notice by the relevant director regarding such enforcement measures.

Under the Israeli Companies Law, the following persons may not be appointed as Chairman of the Board of a public company: (a) neither the Chief Executive Officer himself/herself nor any of his/her relatives (as such term is defined under the Israeli Companies Law and which does not include uncles, aunts or cousins) may at the same time serve as Chairman of the Board, unless the shareholders consent to such service, which, in any event, may not exceed three (3) year periods from the date of each such approval. Approval shall be obtained by the Audit Committee, the Board and the shareholders. Approval by the shareholders requires that either (i) the a majority vote in favor of the resolution shall include the consent of at least a majority of the shareholders voting power represented at the meeting in person or by proxy and voting thereon who have no personal interest in approving the resolution and who are not controlling shareholders of the Company (whereby abstaining votes will not be counted), or (ii) the total shares of the shareholders who are not controlling shareholder and have no personal interest in approving the resolution voted against the resolution do not represent more than two (2) percent of the voting rights in the Company; or a person directly or indirectly subordinated to the CEO. In addition, under the Israeli Companies Law in a public company, the Chairman of the Board or his/her relatives may not be authorized to exercise the powers of the CEO, unless under the special approval requirements set forth above and each time only for a period of up to three (3) years; or (b) a person directly or indirectly subordinated to the CEO, and the Chairman is also prevented from serving in any other position in the company or an entity in its control (except service as a director or Chairman of a company under its control.) Shareholders participating in the special approvals as described above must disclose prior to the vote whether or not they have a personal

interest – if no such disclosure is made, the votes of such shareholders will not be counted.

Neither Israeli law nor the articles of association set a limit to the maximum number of external mandates of the members of the Board of Directors. However, when proposing a candidate, the number of such mandates and his or her temporal availability is being considered.

3.3. Internal Organizational Structure

Pursuant to the Israeli Companies Law and SHL's Articles of Association, the Board is ultimately responsible for the general policies and management of SHL. The Board establishes the strategic, organizational, accounting and financing policies of SHL. Specifically, the Board of SHL reviews, discusses and approves the half- year financial statements of the Company, and is updated on a regular basis regarding the development of SHL's business. Mr. Yariv serves as active chairman of the Board (the "**Active Chairman**"). The Board meets at least once each quarter. Topics addressed in the meetings include the strategy, business reviews and major projects, investments and transactions. Each of the Board committees conducts its meetings according to the needs of the relevant Board Committee. The Chief Executive Officer and the Chief Financial Officer of the Company are invited to Board meetings and attend such as the Board deems necessary. It should be noted that Mr. Nachtomy, the CEO of the Company as of the date hereof, is invited to all Board meetings. Pursuant to the Israeli Companies Law, persons that may not be elected as members of the audit committee and the compensation committee of a company (for further information regarding persons not qualified to be audit committee or compensation committee members, please see the relevant sub-sections of this Section below), respectively, may not be present at meetings of these committees unless the chairman of the committee determined that his/her presence is required in order to present a certain topic; provided that (a) an employee of the company (who is not a controlling shareholder or its relative) may be present at the discussion in such meeting (but not at the time any resolution is taken) if such presence was requested

by the committee; and (b) the company's legal counsel and the company corporate secretary (who are not controlling shareholders or their relatives) may be present both at discussions and resolutions of the audit or compensation committees if so requested by such committee.

The Board has all powers vested in it according to the Israeli Companies Law and the Articles of Association, is authorized to determine the policy of SHL and to supervise the performance and actions of the CEO of the Company, and, without derogating from the above, has the following powers:

- determine SHL's plans of action, the principles for financing them and the order of priority among them;
- examine the financial status of SHL, and set the frame of credit that SHL shall be entitled to acquire;
- determine the organizational structure of SHL and its compensation policies;
- resolve to issue series of debentures;
- prepare and approve the financial statements of SHL;
- report to the Annual General Meeting of the status of SHL's affairs and of their financial outcomes;
- appoint the CEO and terminate such appointment, in accordance with the Israeli Companies Law;
- resolve in the matters on actions and transactions that require its approval according to the Israeli Companies Law and the Articles of Association;
- issue shares and convertible securities up to the total amount of the authorized share capital of SHL, in accordance with the Israeli Companies Law;
- decide on a "distribution" as set forth in Sections 307 – 308 of the Israeli Companies Law (including without limitations, dividends and share repurchases);
- express its opinion on a special tender offer, as set forth in Section 329 of the Israeli Companies Law.

Pursuant to the Articles of Association of SHL a quorum at a meeting of the Board shall be constituted by the presence in person or by any other means of communication by which the

Directors may hear each other simultaneously, of a majority of the Directors then in office who are lawfully entitled to participate in the meeting. Any director may call a meeting of the Board of Directors upon a seven (7) day notice, unless such notice has been waived by all the directors. The notice of a meeting shall include the agenda of the meeting. Pursuant to the Articles of Association of SHL the Board may meet and adjourn its meetings according to SHL's needs but at least once in every three months, and otherwise regulate such meetings and proceedings as the directors think fit. Meetings of the Board may also be held telephonically or by any other means of communication, provided that each director participating in such meeting can hear and be heard by all other directors participating in such meeting. A meeting of the Board at which a quorum is present shall be competent to exercise all the authorities, powers and discretion vested in or exercisable by the Board. A resolution proposed at any meeting of the Board shall be deemed adopted if approved by a simple majority of the directors then in office who are lawfully entitled to participate in the meeting and vote thereon, and present when such resolution is put to a vote and voting thereon. The Board may also adopt resolutions by unanimous written consents.

The Articles of Association of SHL provide that any director may, by written notice to SHL, appoint another person to serve as an alternate director and may cancel such appointment. Any person that meets the qualifications of a director under the Israeli Companies Law may act as an alternate director. One person may not act as an alternate director for more than one director, and under the Israeli Companies Law in a public company a person serving as a director of the company or as an alternate director may not act as an alternate director. However, a director can serve as an alternate director to a member of a committee of the board of directors, provided that the alternate director is not a member of the committee in question; and provided further that in the event the alternate director is to serve as an alternate to an Independent (external) Director, such alternate director shall have financial and accounting expertise or professional skills, dependent on the expertise

and skills of the Independent (external) Director such alternate director is supposed to replace. An alternate director to an Independent (external) Director may not be otherwise appointed.

Under the Israeli Companies Law a company is entitled to have several General Managers to be appointed by the Board who shall be responsible for the day-to-day operation of the company within the limits of the policy determined by the Board and subject to its direction. In a public company, office holders who are not directors are appointed by the General Manager/CEO who may determine the powers and duties of such office holders.

During the year under review, the Board held 16 meetings (10 of which via video conference and 6 by written resolutions). The length of such meetings depends on the agenda and the duration is approximately 1 to 1.5 hours.

The CFO and the Company's external auditors attended 10 and 4 of the meetings above, respectively.

Committees of the Board and Internal Auditor

The Articles of Association of SHL provide that the Board may delegate any or all of its powers to committees of the Board as it deems appropriate, subject to the provisions of the Israeli Companies Law. Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations imposed on it by the Board. The meetings and proceedings of any such committee are, mutatis mutandis, governed by the provisions contained in the Articles of Association for regulating the meetings of the Board, so far as not superseded by any regulations adopted by the Board of Directors. Any such committee authorized to execute the powers of the Board shall include at least one (1) Independent (external) Director. In addition, all members of our Audit Committee are required to satisfy special independence requirements for members of audit committees under Nasdaq regulations and U.S. securities laws. A committee authorized to execute the powers of the Board may only be comprised of members of the Board. A committee whose powers are limited to providing recommendations to the Board may be comprised of non-members.

Pursuant to the Israeli Companies Law, a board of

directors may not delegate the following matters to a committee: determination of a general policy; distribution (except for re-purchase of company shares pursuant to a framework approved by the board); determination of the board of directors' stand on matters that require shareholder approval or on its opinion with regard to a special purchase offer; appointment of directors; issuance of securities (except for issuance to employees pursuant to an option plan approved by the board); approval of financial statements; approval of interested party transactions.

As mentioned above, although not mandatory, under the provisions of the Israeli Companies Law for a company which is not subject to reporting obligations under the Israeli Securities Law, the Board of Directors had voluntarily appointed the FS Committee as of March 18, 2015. On January 15, 2023, the Board of Directors approved the elimination of the FS Committee and the transfer of its functions and tasks to the Company's Audit Committee, and further approved the adoption of new committee charters for the Compensation Committee and the Audit Committee to comply with SEC rules in view of the intended Nasdaq listing. On February 21, 2019 the Board has voluntarily appointed a new committee – an Investment Committee. On February 10, 2020, the Board has voluntarily appointed a Cyber Committee and on May 17, 2020 the Board has voluntarily appointed an Executive Committee. For further details regarding the composition of said committees in the year under review and as of the date hereof, please see below.

The committees of the Board of Directors meet as necessary and are required to take minutes, make full reports and recommendations to the Board of Directors, which recommendations are provided to the Board of Directors following each applicable session of the committees.

Pursuant to the Israeli Companies Law, the Board of Directors also appointed an internal auditor proposed by the Audit Committee.

Audit Committee - Pursuant to the Israeli Companies Law the Audit Committee must be comprised of at least three (3) directors, including all of the Independent (external) Directors, and a majority of its members must be Independent

(Non-Dependent) Directors (i.e. including the Independent (external) Directors). The following persons may not be members of the Audit Committee: (a) the Chairman of the Board; (b) any director employed by the Company; (c) any director employed by a controlling shareholder of the Company or an entity under the control of such controlling shareholder; (d) any director who provides services, on a regular basis, to the Company, a controlling shareholder or an entity under the control of a controlling shareholder; (e) a director whose main livelihood is based on a controlling shareholder; and (f) a controlling shareholder or any of its relatives. Subject to limited exceptions, any person who could not be a member of the Audit Committee may not be present at its meetings. In addition, all members of our Audit Committee are required to satisfy special independence requirements for members of audit committees under Nasdaq regulations and U.S. securities laws. The Chairman of the Audit Committee shall be an Independent (external) Director not serving for more than nine (9) years. The legal quorum for any meeting of the Audit Committee shall be a majority of its members, provided that the majority of those present shall be Independent (non-dependent) Directors (see description above), and further provided that at least one (1) Independent (external) Director shall be present. The role of the Audit Committee includes, amongst others, the following: (a) to examine flaws in the business management of the Company, in consultation with the Internal Auditor and the external auditors, and to propose remedial measures to the Board; to determine whether an interested party transaction is an ordinary or extraordinary transaction (where extraordinary transactions are subject to special approval requirements); to approve interested party transactions, where so required under the Israeli Companies Law; and (d) to examine the existing internal control measures of the Company and the functioning of the Internal Auditor (see below). The Audit Committee is also charged with (e) prescribing with respect to transactions with controlling shareholders or another person in which a controlling shareholder has a personal interest (even if they are determined by the Audit Committee not to be extraordinary transactions),

as well as with respect to the engagement terms of controlling shareholders and their relatives, the obligation to conduct either (i) a competitive process under the supervision of either the Audit Committee or who else the Audit Committee may determine in respect thereof pursuant to the criteria set by it; or (ii) other processes as determined by the Audit Committee, prior to the relevant transaction, and all in accordance with the type of transaction in question, and the Audit Committee may set the relevant criteria therefore once a year in advance; and (f) to determine the manner of approval of transactions with controlling shareholders or another person in which a controlling shareholder has a personal interest and to determine kinds of such transactions which require the approval of the Audit Committee, all with respect to such transactions which pursuant to the determination of the Audit Committee are not extraordinary transactions but also not negligible – the Audit Committee may so determine with respect to types of transactions according to criteria it may set one a year in advance. The Audit Committee also determines (g) whether a director or candidate for director fulfills the requirements for being classified as an independent (non-dependent) director. Neither the Israeli Companies Law nor the Company's Articles of Association prescribe a certain frequency at which meetings of the Audit Committee are to take place. Accordingly, the Audit Committee meets from time to time when deemed necessary. Pursuant to the Israeli Companies Law, the Internal Auditor (see below) may request the chairperson of the Audit Committee to convene a meeting and the chairperson shall then convene such meeting if it deems it fit. In addition, should the Audit Committee find that there is a material flaw in the business management of the Company, it shall hold at least one meeting with respect to such material flaw in the presence of the Internal or external auditor, as the case may be, without any office holders that are not members of the committee present; provided that an office holder may be present for the purpose of presenting an opinion with respect to a matter which is in his/her field of responsibility. The duration of the meetings varies in accordance with the topics discussed.

During the year under review the Audit Committee held 6 meetings (all of which via video conference), the duration of which was approximately 1 hour. The CEO, CFO and the Company's external auditors attended 6, 6 and 3 of the meetings above, respectively.

In the year under review, the Audit Committee was composed of the following members: Mr. Yehoshua Abramovich (chairman), Ms. Dvora Kimhi and Prof. Amir Lerman (this composition is in compliance with the requirements of the Israeli Companies Law).

Compensation Committee - Pursuant to the Israeli Companies Law, an Israeli public company is obligated to appoint a Compensation Committee, which shall be comprised of at least three (3) members and of which all Independent (external) Directors shall be members and constitute a majority. The remaining members of the Compensation Committee shall be such whose engagement terms correspond to the rules of compensation set forth under applicable regulations under the Companies Law with respect to Independent (external) Directors. Persons who may not be members of the Audit Committee (see description above) may also not be members of the Compensation Committee. The Chairman of the Compensation Committee shall be an Independent (external) Director not serving for more than nine (9) years. The Audit Committee and the Compensation Committee may have identical members and an Audit Committee fulfilling the above requirements may at the same time also serve as the Compensation Committee. The role and authority of the Compensation Committee shall include (a) the issuance of a recommendation to the Board of Directors regarding the Compensation Policy, (b) issuance of a recommendation to the Board of Directors once every three (3) years regarding the extension of the Compensation Policy; (c) recommendation to the Board of Directors from time to time regarding any amendments to the Compensation Policy, as well as examination regarding its implementation; (d) approval of transactions with office holders (including controlling shareholders) regarding the terms of their engagement with the Company as required under the Israeli Companies Law; and (e) exemption of certain transactions

from the shareholder approval requirement which may otherwise apply pursuant to the Israeli Companies Law. Neither the Israeli Companies Law nor the Company's Articles of Association prescribe a certain frequency at which meetings of the Compensation Committee are to take place. Accordingly, the Compensation Committee meets from time to time when deemed necessary. During the year under review the Compensation Committee held 5 meetings (all of which via video conference). The duration of the meetings varies in accordance with the topics discussed. In the year under review the average meeting duration was approximately 1 hour. The CEO and CFO attended 4 and 2 of the meetings above, respectively.

Although our ADSs are listed on Nasdaq, we are permitted to follow certain home country corporate governance practices instead of certain Nasdaq corporate governance standards. For instance, under the Israeli Companies Law we are not required to maintain a compensation committee comprised of independent directors.

In the year under review, the Compensation Committee was composed of the following members: Mr. Yehoshua Abramovich (chairman), Ms. Dvora Kimhi and Prof. Amir Lerman (this composition is in compliance with the requirements of the Israeli Companies Law).

Committee for the Examination of the Financial Statements ("FS Committee") - Pursuant to the Israeli Companies Law, only companies which are "reporting companies" (for such purpose only companies subject to reporting obligations to the Israeli Securities Authority) must establish a FS Committee. However, the Board had voluntarily appointed an FS Committee as of March 18, 2015. Pursuant to regulations promulgated under the Israeli Companies Law, the FS Committee shall be comprised of at least three (3) members and those persons which may not serve on the Audit Committee are also prevented from serving on the FS Committee. The majority of its members must be independent (non-dependent) directors (i.e. including independent (external) directors). The committee's chairperson shall be an Independent (external) Director. All members must be able to read and understand financial reports and at least one of the Independent (non-dependent)

Directors must be a director with financial and accounting expertise (as such term is defined under applicable regulations promulgated under the Israeli Companies Law). The Audit Committee may at the same time serve as the FS Committee if all of the legal requirements with respect to the committee members are met.

The task of the FS Committee is to examine the financial statements of the Company prior to their approval by the Board. In particular, the financial statements shall only be brought to the Board for approval, if all of the following requirements have been complied with: (A) The FS Committee shall have discussed and submitted its recommendations to the Board on all of the following items: (a) evaluations and estimations that were made in connection with the financial statements; (b) internal controls over financial reporting; (c) completeness and fairness of disclosures made under the financial statements; (d) the financial guidelines adopted and financial treatment implemented with respect to material matters of the Company; and (e) valuations, including assumptions and estimations on which they are based, on which the financial statements rely; (B) the external auditor shall be invited to all meetings of the FS Committee, and the Internal Auditor of the Company shall receive notices of its meetings and may participate therein; (C) the FS Committee shall have submitted its recommendation regarding the approval of the financial statements a reasonable time prior to the discussion thereof by the Board and shall have reported to the Board regarding all defects or problems which it may have discovered during its examination of the financial statements; and (D) the Board shall discuss the recommendations of the FS Committee.

On January 15, 2023, the Board approved the elimination of the FS Committee and the transfer of its functions and tasks to the Audit Committee.

The members of the Cyber Committee as of the date hereof, are Mr. Yariv Alroy (chairman) and Mr. Yehoshua Abramovich.

The Cyber Committee meets from time to time when deemed necessary. Frequency and average duration of sessions are not provided given the sensitive role of such committee.

Committee is to assist and accompany the CEO and the Company in operating its ongoing business. The members of the Executive Committee as of the date hereof are Mr. Yariv Alroy, Mr. Yehoshua Abramovich, Mr. Ido Noubeger and Mr. Nir Rotenberg. The Executive Committee meets from time to time when deemed necessary. Frequency and average duration of sessions are not provided given the general strategic role of such committee.

Internal Auditor - Pursuant to the Israeli Companies Law, the Board of a public company shall appoint an internal auditor. Such appointment is made upon recommendation of the Audit Committee. Neither an interested party nor an officer of the company, any relatives of the foregoing or the external auditor or anyone on its behalf may serve in such position. The role of the Internal Auditor is to examine, among other things, whether SHL's activities comply with the law and orderly business procedure. Pursuant to the Israeli Internal Audit Law - 1992, together with the Israeli Companies Law, the Internal Auditor is authorized to demand and receive any kind of document and/or information that is in the Company's or its employees' possession, which he deems necessary for the performance of his role, and he is to have access to all databases or data processing programs of the Company. Pursuant to the Israeli Companies Law, the Chairman of the Board or the Chairman of the Audit Committee may order the Internal Auditor to conduct an internal audit on matters where an urgent need for examination arose. In addition, the Internal Auditor shall receive notices of the meetings of the Audit Committee and may participate in such meetings. The Internal Auditor has no decision making powers. Pursuant to the Israeli Companies Law and the Company's Articles of Association, the internal auditor has to submit a work program to the Company's Audit Committee for approval. Mr. Michael Gilinsky was appointed as SHL's Internal Auditor in March 2021. During the year under review, the Internal Auditor participated in 1 meeting of the Audit Committee of the Company, in the framework of which the Internal Auditor presented internal audit reports.

3.4. Definition of Areas of Responsibility of Management; Information and Control Instruments Vis-À-Vis Senior Management

The senior management of SHL ("**Senior Management**") implements the general policies and strategic decisions of the Board. It manages the day-to-day business operations of SHL, including:

- Regularly assessing the achievement of targets set for the Company's business;
- Implementing the corporate policies, strategies and strategic plans given by the Board;
- Ensuring the efficient operation of the Company and achievement of optimized results;
- Ensuring that management capacity, financial and other resources are used efficiently.

The Board controls the actions of Senior Management through a variety of control mechanisms:

- The CEO and CFO inform the Board regularly about current developments, including by submitting written reports on relevant topics and participating in the relevant meetings of the Board and Board committees.
- Informal teleconferences are held as required between the Board and CEO and CFO as deemed necessary.
- Control over financial management is exercised by the FS Committee (and as of January 15, 2023 – by the Audit Committee) and the Board, which invite the CFO to each meeting at which financial results are discussed, as well as SHL's external auditors, as deemed necessary. The FS Committee (and as of January 15, 2023 – by the Audit Committee) and the Board discuss with the CFO and the auditors (to the extent applicable) not only the financial statements themselves but also their assessment of the internal controls and whether any material weaknesses have come to their attention.
- SHL has an Internal Auditor (for further information, please refer to "Committees of the Board and Internal Auditor" above). The Internal Auditor examines the processes and controls of the Company - not only with regard to financial operations, but also with regard to compliance of management with internal and external policies - and conveys

his findings to the Chairman of the Board, the CEO and the Chairman of the Audit Committee, (for further information please refer to Section 3.3 “Internal Auditor” above).

The Board of Directors is also responsible for the supervision the Company’s internal control system and risk management. The Senior Management of SHL identifies, analyzes, measures, monitors and mitigates financial and non-financial risks on an ongoing basis within the frame of the Company’s general strategy. This includes, in particular, credit risks, foreign currency risks, risks regarding the fair value of financial instruments as well as liquidity risks. For the nature and management of these risks see Note 18 (“Financial Instruments”) in SHL’s financial statements for the year ending December 31, 2023 (see pp. 99 of SHL’s financial statements). Further relevant risks that are monitored concern the market, the industry, compliance with national and international regulations in particular with regard to the medical sector, customer requirements, IT especially in connection with telemedicine industry, supply-side risks and catastrophes. When imminent risks are identified, qualified individuals are determined to deliver effective risk management. Risk assessments are submitted by the relevant individuals when appropriate, but at least annually, to the Senior Management, the relevant organ and the Board of Directors.

However, when appointing a member of the Senior Management as well as in the course of his or her supervision, the board of directors considers the number of such mandates and his or her temporal availability.

4.2. Management Contracts

SHL has not entered into management contracts with third parties. SHL's office holders who are in management are employees of the Company and their engagement terms and conditions are determined under their respective employment agreements, with the exclusion of Mr. Nachtomy, SHL's CEO, with whom the Company has entered into a service agreement.

5. Compensation, Shareholdings and Loans

5.1. Content and Method of Determining the Compensation and of the Shareholding Programs – Compensation Policy

Pursuant to the Israeli Companies Law, an Israeli public company is required to adopt a compensation policy with respect to the terms of engagement of its officer holders (as such term is defined under the Israeli Companies Law and including without limitations, directors and controlling shareholders engaged as officers of the Company, subject to limited exceptions set forth in the regulations promulgated under the Israeli Companies Law in connection therewith (which are not applicable to SHL). The adoption of the Compensation Policy requires approval by the shareholders of the Company, further to approval by the Board which has to take into consideration the recommendations issued by the Compensation Committee in this respect. The relevant shareholder approval is subject to a special majority requirement of either (a) the majority vote in favor of the resolution including the consent of at least a majority of the shareholders' voting power represented at the meeting in person or by proxy and voting thereon who are neither controlling shareholders of the Company nor have a personal interest in approving the

Compensation Policy (not including abstaining votes), or (b) the total number of votes of those shareholders described in (a) above and objecting to the adoption of the Compensation Policy not representing more than two (2) percent of the voting rights in the Company. Any shareholder participating in the vote on the adoption of the Compensation Policy has to inform the company prior to the relevant vote whether or not he/she/it has a personal interest therein. Votes of shareholders who did not notify the Company on whether or not they have a personal interest in accordance with the foregoing are not counted.

As a general rule, pursuant to the Israeli Companies Law, remuneration to office holders which is inconsistent with the compensation policy of the company requires, in addition to the approval of the compensation committee and of the board of directors, the approval of a special majority in the general meeting of the shareholders, as set forth hereinabove. Notwithstanding the aforesaid shareholder approval requirement, the Compensation Policy may also be approved, despite objection by the Company's shareholders in the event that after renewed consideration of the Compensation Policy and based on detailed reasons, both the Compensation Committee and thereafter the Board resolve that the adoption of such Compensation Policy despite the shareholders' objection is in the Company's best interest.

The 2024 Compensation Policy will be brought to the shareholders' approval on the SGM to be held on May 9, 2024 following the expiration of the 2020 Compensation Policy and the recommendation and earlier approval of the Compensation Committee and of the Board. The 2020 Compensation Policy expired in 2023, and the Company is in the process of seeking approval of a new Compensation Policy.

Under law, the Board is required to examine from time to time whether any amendments to the Compensation Policy are necessary in light of changing circumstances or for any other reason, and similarly, the Compensation Committee shall issue recommendations to the Board in this respect from time to time. The Israeli Companies Law provides that the Compensation Policy shall be determined under consideration, amongst others, of the following points: (a) furtherance

of the Company's objectives, its business plan and policies, with a long term view; (b) creation of adequate incentives for officer holders of the Company under consideration of the Company's risk management policy; (c) size of the Company and the nature of its operations; and (d) with respect to variable compensation components – the contribution of the office holder to the achievement of the Company's targets and increase in revenues, all with a long-term view and in accordance with the position of the relevant office holder.

Further, the Compensation Policy shall deal with the following matters: (a) education, qualifications, expertise, professional experience and achievements of the relevant office holder; (b) the position of the office holder, his/her responsibilities and previous engagements signed with him/her; (c) the relation between the engagement terms of the relevant office holder to the engagement terms of the other employees and/or subcontractors of the Company and particularly, the relation to the average salary and to the median (i.e. 50th percentile) salary of such employees and the impact of the difference between the foregoing on the working relationships in the Company; (d) in the event officer engagement terms include variable components – the possibility of reducing such components in the discretion of the Board of Directors, as well as the possibility to determine ceilings for the value of variable components which are not paid in cash; and (e) in the event the officer engagement terms include retirement grants – the period of engagement of the office holder, the applicable engagement terms during such time period, the performance of the Company during such period, the contribution of the officer holder to the achievement of the Company's targets and increase of its revenues, as well as the circumstances of retirement. At last, the Compensation Policy must contain the following provisions: (a) with respect to variable compensation components: (i) such must be based on the achievement of long-term performance goals and objectively measurable criteria (although with respect to an immaterial part of such components, the Company may resolve that such shall be granted based on criteria not objectively measurable under consideration of

the officer holder's contribution to the Company); and the proportion between fixed and variable compensation components must be set, as well as a ceiling for the value of variable components at the time of payment (provided that with respect to variable components which are not paid in cash, a ceiling needs to be fixed at the time of grant); (b) a provision pursuant to which an office holder will repay to the Company any sums paid to him/her as part of his/her compensation if such sum was paid based on data which later turned out to be faulted and which was restated under the Company's financial statements, all on such conditions as set forth under the Compensation Policy; (c) a minimum holding and vesting period for variable compensation components in the form of equity, under reference to adequate incentives with a long-term view; and (d) a ceiling with respect to retirement grants.

With respect to the Company's directors (including also Independent (external) Directors and Independent (non-dependent) Directors), compensation is in accordance with the Rules Regarding the Compensation and Expenses of an External Director – 2000 (as promulgated under the Israeli Companies Law) (the "Director Compensation Regulations"). Subject to applicable law, compensation shall be allowed in amounts higher than what is stated in the Director Compensation Regulations, if any of such Independent (external) Directors or Independent (non-dependent) Directors is a professional director, an expert director or a director who makes a unique contribution to the Company. Both Independent (external) Directors of the Company, Mr. Abramovich and Ms. Kimhi, are expert directors and therefore are entitled to a higher compensation. Further, SHL is also entitled to pay to its directors share-based compensation (subject to applicable law and the restrictions applicable thereto in general under the Compensation Policy, as described above), but in any event the aggregate fair value of the share-based compensation, measured at the time of a new grant, for all of such directors, as a group, in any three (3) year period, did not exceed a fair value of USD 800,000 for one year. In December 2021, the Annual General Meeting approved, following the approval of the Compensation Committee and the Board: (i) the

grant of indemnification letters to the Company's current and future directors and officers, including the CEO and officers and directors who may be deemed controlling shareholders; (ii) the grant of options to purchase 18,000 ordinary shares of the Company at an exercise price of CHF 17.02 per share and with vesting over a three-year period, to each of our directors Mr. Yehoshua Abramovich and Ms. Dvora Kimhi as well as our additional then-serving directors Mr. Amir Lerman, Mr. Erez Alroy and Mr. David Salton; and an amendment to the Company's directors' compensation, so that each current and future Board member shall receive an annual fee of NIS 68,000 and a participation fee of NIS 3,600, which is paid for the participation of the director in each meeting of the Board or any committee thereof, including for participation via electronic means. The amounts are linked to the Consumer Price Index in Israel. With respect to written resolutions, the remuneration shall be 50% of the participation fee; all plus VAT, if applicable. Mr. Yariv Alroy will receive such compensation in addition to his remuneration as our Active Chairman. Although the abovementioned amendment with respect to the Active Chairman's compensation constitutes a deviation from the provisions of the Compensation Policy of the Company, such deviation is lawful as it was approved by all the relevant corporate organs including the approval of a special majority of the shareholders. The compensation of Mr. Nachtomiy is as detailed under Section 5.2 below.

In addition, under the 2024 Compensation Policy:

- a) **Chairman Compensation:** A chairman of the Board who takes on increased duties on behalf the Company shall receive a compensation in recognition of such increased duties (i.e. a separate compensation in lieu of the remuneration of the chairman in his/her capacity as a Director (the "**Chairman's Compensation**"), as long as such person was an Active Chairman and provided that the Chairman's Compensation does not exceed the sum of NIS 780,000 per annum (employer's cost).
- b) In January 2021, the Board, following the approval of the Compensation Committee, approved the amendment of Mr. Yariv Alroy's

terms of office to reflect his contribution and devotion to SHL in his capacity as an Active Chairman (as defined in Section 3.3 "Internal Organizational Structure" above). The main modifications to Mr. Alroy's terms of office include (i) commitment to 90% scope of position, (ii) total monthly salary of NIS 65,000 plus value added tax, instead of Board members' remuneration (annual fee and participation fee) and the monthly payment of NIS 18,000 plus value added tax, and (iii) grant of 250,000 options to purchase Ordinary Shares at an exercise price of CHF 10.73 per share (reflecting the average price per share in the 30 trading days prior to Board approval). The options' vesting schedule shall be in accordance with the Company's 2021 Incentive Plan and in the event that Mr. Alroy ceases to serve in his position due to a change of control in the Company, all the options will automatically be fully vested, and shall be exercisable at any time until the lapse of six (6) months from the date of the cessation of his engagement, and shall thereafter terminate. The amendment above has been approved by the Special General Meeting of the Shareholders of the Company on March 1, 2021.

- c) **Base salary:** The fixed base salary of each executive officer shall be determined based on a variety of considerations taking into considerations: (i) competitiveness - the base salary of executive officers will be evaluated by conducting external benchmarking using a defined peer group, selected based on such factors, among others, as Company's size, global footprint, nature of activities and competitors of similar talent; and (ii) internal fairness (Please find the description of the benchmarks below).
- d) **Annual bonus:** Executive officers may be entitled to a variable cash bonus in accordance with an annual bonus plan, aimed to create an alignment between the compensation of the executive officers and the Company's annual and long term goals while focusing, inter alia, on individual goals that will be defined for each of the executive officers. The Board (after the approval of the Compensation Committee) shall have the full discretion to determine the amount of the bonus payout, if any, of any

and all executive officer(s) in any given year, up to the maximum amounts set forth below, and may also reduce such bonuses. The actual grant of bonuses shall be approved pursuant to applicable law.

- Annual bonus payout to executive officers may be calculated by using financial metrics and/or measurable key performance indicators (“KPI”), as pre-determined by the Compensation Committee and the Board, and/or qualitative evaluation the criteria for which are determined at the discretion of the Compensation Committee and the Board, based on budget targets, cash flow targets, profit targets, capital raise and individual goals. The measurement of profit targets shall be based on the audited annual financial statements of the Company, and the weighting of non-measurable criteria is based on the discretion of the Compensation Committee and the Board, as follows: (i) CEO – measurable KPI – group/company KPI - 80%-100%; qualitative evaluation - up to 20%. (ii) VPs (Vice Presidents - other executive officers subject to the CEO) - group/company KPI - up to 100%; individual KPI - up to 60%; qualitative evaluation – up to 20%.
- e) Maximum amount of the annual cash bonus shall be as follow: (i) CEO - up to twelve (12) times of his or her base salary; VPs – up to six (6) times of such VP’s base salary.

Performance below the Threshold of a KPI shall not entitle such executive officer to any bonus payment with respect to such KPI; however, achievement of such Threshold of other KPIs of an executive officer may entitle same to a bonus payment with respect thereto. Performance above the Threshold may entitle the executive officer to a linear pro rata portion of the bonus set for such KPI or any other portion determined in the annual bonus plan (up to the ceiling of the bonus allocated thereto, provided that the aggregate annual bonus paid to an executive officer shall not exceed the ceiling set forth hereinabove. Notwithstanding the above, the Compensation Committee and the Board may decide, at their sole discretion, to pay an executive officer annual bonus, even if KPIs were not determined in advance or in the event the executive officer did not achieve the KPIs determined, provided however, that the annual bonus shall not exceed three (3) times the Base Salary of that executive officer.
- g) **Special bonus:** in addition to the annual cash bonus, under special circumstances, the Compensation Committee and the Board may determine that an executive officer is also entitled to other cash bonuses in recognition of a “Significant Achievement” such as: merger, significant acquisition, consolidation or acquisition of the Company

time and subject to the provisions of the 2021 Share Incentive Plan, additional grantees of equity compensation under the plan and any matter related to the administration of the 2021 Share Incentive Plan.

Equity compensation grants are done pursuant to the Board's full discretion pursuant to the general rules set forth under the policy, as described herein. Notwithstanding the aforesaid, pursuant to the provisions of the Israeli Companies Law, should such equity compensation be granted to the directors or a controlling shareholder as part of their compensation, such grant shall require the approval of the Compensation Committee, the Board and the shareholders, and with respect to office holders who are not directors, the CEO or controlling shareholders of the Company or their relatives, such grant shall require approval by the Compensation Committee, followed by approval by the Board, all of the foregoing approvals of the Compensation Committee and the Board to be made in accordance with the Compensation Policy. Pursuant to the Israeli Companies Law, the qualified majority described above (please refer to Section 5.2 – with respect to the approval by the shareholders of the engagement of a controlling shareholder as an office holder or employee) is also required for the approval by the shareholders of the grant of equity compensation to a controlling shareholder as part of its compensation. Further, SHL's Compensation Policy prescribes certain ceilings with respect to the value of any share-based compensation granted to (a) any individual officer; and (b) the non-executive directors as a group, in each case with respect to any three (3) year period (for more details regarding such ceilings, please refer to Section 5.1 above). The Compensation Policy also requires that the Compensation Committee and the Board, when discussing the grant, shall consider whether such grant is a suitable

incentive for increasing SHL's value in the long term, the economic value of the grant, the exercise price and the other terms (for further details of the Compensation Policy with respect to shareholdings programs see Section 5.1).

For vesting conditions applicable to options, please refer to Section 2.2 above.

6. Shareholder Participation

6.1. Voting Rights Restrictions, Representation Restrictions and Participation

There are currently no voting-rights and representation restrictions in place, except as set forth below. For voting rights of holders of ADSs and Ordinary Shares in general, please refer to Section 2.4 above. For the TOB Decision pursuant to which Mrs. Mengke Cai, Mr. Xiang Xu, Himalaya (Cayman Islands) TMT Fund, Himalaya Asset Management Ltd., and Kun Shen are obliged to make a public tender offer for all listed shares in SHL and the suspension of their voting rights

until the publication of the tender offer, see Section 2.4.1, and Section “Swiss Takeover Board Proceeding” under “Changes in the Financial Year 2023” above.

The voting rights of the ADSs and Ordinary Shares in general may be affected by the grant of any special voting rights to the holders of a class of shares with preferential rights if authorized in the future, such an authorization requires a majority of sixty- six (66) percent of the voting power present at the General Meeting pursuant to the Company’s Articles of Association. The quorum required for any meeting of shareholders is at least two (2) shareholders present in person or by proxy who together hold or represent at least thirty-three and one third (33.1/3) percent of the voting rights. A meeting adjourned for lack of a quorum is adjourned to the same day in the following week at the same time and place or to any time and place as specified in the notice of such meeting or as the chairman may designate with the consent of a majority of the voting power present and voting on the question of adjournment. At the reconvened meeting, the required quorum consists of any two (2) shareholders present in person or by proxy, regardless of the number of Ordinary Shares represented.

Under SHL’s Articles of Association all resolutions submitted to the shareholders, unless provided for otherwise in the Articles of Association or under any applicable law, shall be deemed adopted if approved by the holders of a simple majority of the voting power

represented at the meeting in person or by proxy and voting thereon. For resolutions that require special majority, see Section “Statutory Quorums” below.

For the requirement of shareholders holding 5% or more of the Company’s shares or voting rights to provide the Company with an address in Israel to receive documents see Section 2.4.2 above.

6.2. Statutory Quorums

Pursuant to the Company’s Articles of Association, the following resolutions require a special majority of sixty-six (66) percent of the voting power represented at the shareholders meeting: (a) increase of authorized share capital; and (b) creation of shares with special rights or modifications of share rights. Furthermore, under Israeli law and under SHL’s Articles of Association, a voluntary winding-up would require a majority of seventy-five (75) percent of the voting power represented at the shareholders meeting. For special majority requirements with respect to the adoption of the Company’s Compensation Policy, please refer to Section 5.1 above, with respect to controlling shareholder transactions, please refer to Section 5.2 above, and with respect to the election of Independent (external) Directors to the Board of Directors, please refer to Section 3.1 above.

6.3. Convocation of the General Meeting of Shareholders

Under SHL’s Articles of Association, an Annual General Meeting shall be held once in every calendar year at such time (within a period of not more than fifteen (15) months after the last preceding Annual General Meeting) and at such place either within or without the State of Israel as may be determined by the Board. All General Meetings other than Annual General Meetings are called “Special General Meetings”. Pursuant to the Articles of Association of the Company and the Israeli Companies Law, the Board may, whenever it thinks fit, convene a Special General Meeting at such time and place, within or without the State of Israel, as may be determined by the Board. Special General Meetings may also be convened upon requisition of either of the following (a) two (2) directors,

or one fourth of the directors in service; or (b) one or more shareholders, holding not less than 5% of the issued and outstanding share capital of the Company and not less than 1% of the voting rights in the Company; or one or more shareholders holding not less than 5% of the voting rights of the Company. If a meeting shall be requisitioned as aforesaid, then the meeting shall be held not later than thirty-five (35) days from the time notice of such meeting is given to shareholders (unless otherwise required for a meeting at which matters may be voted on by ballot – see below).

Not less than twenty-one (21) days prior notice shall be given to any General Meeting and shall be published in one newspaper in Israel and in one newspaper in Switzerland or in accordance with the rules and regulations of the stock exchange on which SHL’s shares are listed. As permitted under applicable law, as of January 2016, the Company no longer publishes the notices in the newspaper, nor does it mail hard copies to shareholders, and the material can be downloaded from its website, following ad hoc publications of the agenda of such meetings. Shareholders may vote on certain matters (such as the election or removal of directors or transactions between a company and any of its officers or controlling shareholders or in which such persons may have a personal interest) by (i), in the case of holders of ADSs, by submitting a voter instruction form, and (ii), in the case of holders of Ordinary Shares, by submitting a written ballot with respect thereto (the “Ballot”) (but may vote thereon in person or by proxy). In the event such matters are included in the agenda of a General Meeting then not less than thirty five (35) days’ prior notice shall be given, unless to the Company’s best knowledge, at the time of the resolution regarding convening of the meeting, a controlling shareholder of the company will hold, as of the record date, such number of votes which will enable the controlling shareholder to pass the required resolution, even if all other shareholders participate and vote against (i.e. in general more than 50% of the voting rights).

Pursuant to relevant regulations promulgated under the Israeli Companies Law, in the event that a topic on the agenda requires

also approval by the Board, then the relevant newspaper and shareholder notices shall not be published or sent, as the case may be, later than ninety (90) days following such Board approval. Since 2016, as permitted under Israeli law, Company does not provide written notices to shareholders nor does it publish invitations in newspapers and only publishes ad hoc publications in connection with general meetings as well as on its website.

Pursuant to regulations promulgated under the Israeli Companies Law, the notice of a general meeting in a public company must in addition include the type of meeting, place and time thereof, a summary of the resolutions proposed to be adopted, the majority required with respect thereto and the record date. A public company must also include the phone number and address of its registered office and the times at which the full version of the proposed resolutions may be reviewed. In the event the agenda includes matters which may be voted on by Ballot, then additional details are required to be included in the notice, including, inter alia, the deadline for submitting shareholder statements to the company and the deadline for submitting Ballots.

A voter instruction form must be delivered to the Depositary or the applicable banks, brokers or other nominees (as set forth on the voter instruction form) by the date indicated on the voter instruction form, a proxy must be delivered to the registered office of SHL not later than 48 hours prior to the General Meeting and a Ballot must be delivered to the registered office of SHL not later than four (4) hours prior to the General Meeting. For the Ballot to become effective: (i) any shareholder whose shares are registered with the Company's registrar of shareholders must enclose a copy of such shareholder's identity card, passport or certificate of incorporation, as the case may be; and (ii) any shareholder whose shares are registered with Computershare must enclose a written confirmation from Computershare as to its ownership of the voting shares.

The aforementioned regulations also stipulate that any shareholder wishing to state his position with respect to any of the said matters on the agenda may do so by requesting the

Company to deliver such position to the other shareholders (the "**Shareholder Statement**"). The Shareholder Statement must be delivered to the registered office of the Company not later than ten (10) days prior to the general meeting as such date is determined by the Board. A Shareholder Statement shall be delivered to all shareholders no later than one (1) day following receipt thereof. Should a company elect to state its position with respect to such Shareholder Statement, it shall deliver such position (the "**Company Statement**") to the shareholders, no later than five (5) days prior to the General Meeting. Any such Statement must be written in a clear and simple language and shall include no more than 500 words per subject matter. A Shareholder Statement shall detail the identity of such shareholder, as well as his percentage interest in the Company; a shareholder who is a corporate entity shall detail the identity of its controlling shareholder(s), as well as additional holdings (if any) of such controlling shareholder(s) in shares of the Company, to the best knowledge of the shareholder submitting the Shareholder Statement. A shareholder submitting the Shareholder Statement, who acts in consort with others with respect to voting in shareholder meetings, whether in general or with respect to certain matter(s) on the agenda, shall indicate so in the Shareholder Statement, and shall describe the aforementioned arrangements and the identity of the shareholders so acting in consort. Any shareholder (as well as any shareholder acting in consort with such shareholder) having a personal interest in any matter on the agenda, shall describe the nature of such personal interest. Any shareholder may revoke his/her/its Ballot by submitting a cancellation notice (the "**Cancellation Notice**"). The Cancellation Notice together with sufficient proof as to the identity of such canceling shareholder, to the absolute discretion of an officer of the Company, must be delivered to the registered office of the Company not later than twenty four (24) hours prior to the General Meeting. Any such shareholder submitting a Cancellation Notice may only vote by attending the General Meeting in person or by proxy. One or more shareholders holding, at the Record Date,

shares representing five (5) percent or more of the total voting power in the Company, as well as any holder of such percentage out of the total voting power not held by the controlling shareholder(s), as such term is defined under Section 268 of the Israeli Companies Law, may, following the General Meeting, in person or by proxy, inspect the Ballots and the record thereof at the Company's registered office. The competent court may, at the request of any shareholder who does not hold, at the Record Date, the aforementioned percentage, instruct the Company to allow the inspection of said documents and records, in whole or in part, on terms and conditions determined by the court.

6.4. Agenda

Pursuant to the Israeli Companies Law, the agenda at a General Meeting shall be determined by the Board.

Pursuant to the Israeli Companies Law, any one or more shareholders holding at least one (1) percent of the voting rights in the Company may request the directors to include a certain topic in the agenda of the general meeting, provided that such topic is suitable to be discussed at a general meeting. Pursuant to regulations promulgated under the Israeli Companies Law, (i) with respect to general meetings which include topics which may be voted on by Ballot (see above), such shareholder request needs to be submitted not later than seven (7) days from convening of the shareholder meeting; and (ii) with respect to other general meetings, such request needs to be submitted not later than three (3) days from convening of the shareholder meeting. In the event that the Board deems a suggested topic fit for inclusion in the agenda of the general meeting, the Company shall prepare an updated agenda and shall publish such agenda (both by newspaper notice and by notice to shareholders) not later than seven days after the last date on which requests for amendments to the meeting agenda could have been submitted. The foregoing does not apply in the event the Company publishes a preliminary notice of its intention to convene a general meeting, such preliminary notice to be published by shareholder notice at least

twenty- one (21) days prior to the publication of the actual notice of the general meeting. In such preliminary notice, the Company shall describe the expected agenda topics and shall notify shareholders that Company shall be entitled not to examine any requests of shareholders to include additional topics on the agenda in the event such were received later than fourteen (14) days from the publication of the preliminary notice of the general meeting.

At a General Meeting, resolutions may be adopted only on subjects that were specified in the agenda for the particular General Meeting.

6.5. Registration in the Share Register with Computershare

To be able to participate in a general meeting of the shareholders and vote the Shares, a holder of Ordinary Shares must be registered with Computershare Schweiz AG, by the record date set by the Board of Directors in its resolution to convene a general meeting of the shareholders. Such record date shall not, pursuant to regulations promulgated under the Israeli Companies Law, be earlier than forty (40) days prior the date of the General Meeting and not later than four (4) days prior to the date of such General Meeting (provided that with respect to General Meetings the agenda of which includes topics which may be voted on by Ballot (see above), such date shall be not later than twenty-eight (28) days prior to the General Meeting), or different periods as shall be permitted by applicable law. A determination of holders of Ordinary Shares of record with respect to a General Meeting shall apply to any adjournment of such meeting. Confirmations regarding share registration can be obtained from Computershare Schweiz AG. To be registered with Computershare Schweiz AG, a shareholder should request her or his custody bank to submit the respective request to Computershare Schweiz AG through a SIX SIS Ltd. member institution. Whoever acquires 33⅓ % of the voting rights - regardless of whether this person can actually exercise those voting rights - is obliged to make a public takeover offer for all of the listed shares of such company. The acquirer must therefore make an offer to purchase or exchange securities in the company. For details about the TOB proceeding

regarding the pending tender offer obligation of certain shareholders of the Company see Section “Swiss Takeover Board Proceeding” under “Changes in the Financial Year 2021” above. To the understanding of the Company, it is exempt from Israeli law provisions relating to special tender offers, but certain tender offer rules with respect to full tender offers under the Israeli Companies Law apply to it. These include that, if as result of an acquisition of shares an acquirer will hold more than ninety (90) percent of a company’s shares, the acquisition must be made by means of a tender offer for all of the shares. Furthermore, pursuant to the Israeli Companies Law all of the shares of the minority shareholders will be transferred to the offeror in the event that either (a) such number of shares are tendered to the offeror so that more than ninety-eight (98) percent of the outstanding shares are held by it; or (b) such number of shares are tendered to the offeror so that less than five (5) percent of the outstanding shares did not accept the offer and more than half of the shareholders that do not have a personal interest in the acceptance of the purchase offer tendered their shares. SHL’s Articles of Association do not contain provisions regarding opting out or opting up.

6.6. American Depositary Shares (American Depositary Receipts, “ADRs”)

The Company has listed ADRs on Nasdaq® (symbol “SHLT”). Bank of New York Mellon (“BNY Mellon”) has been appointed as the depositary bank. The ADRs are priced in USD and provide the same rights in dividends and voting powers as the ordinary shares of the Company. Each ADR represents one ordinary SHL share, subject to the enforcement procedures as per the deposit agreement between the Company, BNY Mellon and the owners of ADRs. Further information on the ADR program is available on the Website of the Company at <https://www.shl-telemedicine.com/adr-depositary-bank/>.

6.7. Clauses on Changes of Control

There are no clauses on changes of control in agreements and plans benefiting members of the Board of Directors and/or members of the Management and/or other members of SHL’s

cadre, except: (i) under the Compensation Policy with respect to possible acceleration of options and retirement grant to the CEO in case of termination of employment by either party within six (6) months as of such event; under the Compensation Policy the special bonus due to a Full Exit Event as described in Section 5.1 above; and (iii) as described under Section 2.2 above with respect to the vesting schedule of the options granted to Mr. Yariv Alroy. (For further details see Section 5.1 above).

7. ESG

SHL is dedicated to telemedicine. For more than a quarter of a century, we have been taking care of people in need of home-based medical support. Our ethos is to provide immediate and professional medical care when our patients need it. We monitor their health and wellbeing to reduce the need for emergency intervention and hospitalization. Our aim is to increase the quality of life of our users, e.g. for patients with chronic conditions, as well as the chances of survival e.g. if a heart attack strikes.

We invest our expertise in the research and development of innovative concepts that advance the field of telemedicine and evolve into state-of-the-art solutions that shape the future of healthcare. While doing so, SHL’s Board of Directors and Senior Management Team are committed to high standards of corporate governance, including transparency and accountability towards our Company’s stakeholders. The corresponding Corporate Governance reporting is updated on a yearly basis and available in the Annual Report.

Sustainability is a crucial task, for every company, regardless of size or industry. Therefore, and to demonstrate our commitment to a sustainable development, in 2023 we have developed, approved, and implemented a Code of Ethics that is available on our website (<https://www.shl-telemedicine.com/wp-content/uploads/2023/04/SHL-Code-of-Ethics-March-2023-1.pdf>). These ethical principles were communicated to our employees and transferred to them as their responsibility.

Furthermore, SHL starts providing more transparency on non-financial matters with the Annual Report 2023. This respective

Sustainability Report should be read in connection with the other chapters of this report, i.e. the Corporate Governance chapter. In doing so, the Company is responding to the increased interest in non-financial reporting. This Sustainability Report 2023 of SHL Telemedicine follows the most recent edition of the Directive on Information relating to Corporate Governance (Annex 7) of Swiss Exchange Regulation (SIX).

Here, we discuss the following topics: cyber security, employee aspects, environmental aspects including climate, social aspects, human rights, and anti-corruption – as they are relevant for our company and its stakeholders, and as we can achieve a positive impact on them. We describe our approach to these topics, outlining measures taken and our contributions (including the applied key performance indicators, KPI). We remain committed and vigilant to address any future challenges in good time.

In each of our territories, we conduct our business and operations subject to a variety of laws and regulatory regimes of the countries and jurisdictions in which we operate and provide our services, including but not limited to labor standards, workplace safety and security, prevention of sexual harassment/molestation, privacy/data protection, anti-corruption, anti-competition, financial relationships and anti-laundering, materials and waste hazards and recycling, and specific rules and regulations that apply to healthcare services providers. These ethical principles are communicated to the employees in the individual business units by means of directives and transferred to them as their responsibility.

The CFO is responsible for the oversight over the implementation.

The topic of sustainability is in the responsibility of the CFO under the supervision of the CEO and the Board. SHL is in the process of further developing the concepts, measures, evaluation and controls.

7.1. Cyber Security

As a global leader in telemedicine technologies and services, cyber security is a top priority in all our business activities. Our solutions are designed to protect patient data from unauthorized access, use, or disclosure. We have appointed an external

dedicated Chief Information Security Officer reporting to the SHL CIO . We also developed and implemented policies, procedures and infrastructures that support SHL's data security for sensitive information, disaster recovery and business continuity for different systems and system durability. The information security policy of our Company is based on the standards and regulations in the healthcare industry (ISO 27001, ISO 27799, and HIPAA compliance).

SHL follows and implements the Israeli Cyber Defense Doctrine 2.0 (ICDM 2.0), a methodology for managing cyber risks in organizations: Following these guidelines, we have adopted several ISO standards, including the above-mentioned ISO 27001 and ISO 27799, to provide a foundation for its cybersecurity governance and risk management strategy. We also have a comprehensive privacy policy that addresses the protection of personal data which includes general guidelines for data protection, policy for customers regarding personal data collection, retention and sharing with third parties, approval form for usage of medical devices using or transmitting customer data.

In 2023 we have conducted a comprehensive risk assessment to identify the cybersecurity risks that are most relevant to our organization. Main risks identified relate to vulnerability for some infrastructure network attacks and to the customers and patients concern the interruption of telemedicine services and the leakage of health-related data. To make use of them one must have access to the network and bypass multiple layers The risks do not have a direct effect on client. All risks are managed in the cybersecurity workplan for 2024. It is worth noting there are no risks evaluated higher than medium. In general, we use a variety of tools and techniques to identify, assess, and analyze our cybersecurity risks on a constant basis. These tools and techniques include technical assessments, formal risk assessments, and threat modeling. We have also a comprehensive cybersecurity strategy and action plan in place that is fully addressing the risks identified in our risk assessment. This plan is regularly reviewed and updated to ensure that it remains effective.

Finally, we have implemented a continuous monitoring and review program to ensure that

our cybersecurity program is effective and up to date managed by CISO and his team. This program includes regular penetration tests, vulnerability assessments, and incident response drills. The program includes weekly reporting to the CIO and annual reporting to the CEO.

We track multiple KPIs related to cyber risks such as number of employees who took part in security training, percentage of employees who failed phishing simulations, dates of security policies last update, whether the monitoring systems are operating properly during our testing, frequency of testing compared to the workplan. Based on this proactive approach to cybersecurity, no cyber incidents and/or data breaches occurred in 2023 and 2022.

7.2. Employee Aspects

Employees are obliged to comply with the applicable laws and adhere to both our Mission statement (available here: <https://www.shl-telemedicine.com/mission/>) as well as our Code of Ethics.

SHL's global business success is largely determined by the knowledge and skills of its employees. In addition, at a time when the labor market is characterized by a significant shortage of skilled workers and the workforce is ageing, knowledge transfer and effective employee recruitment are becoming a decisive factor for the long-term success of companies.

We therefore aim to attract the best employees and provide them with the best possible support and training in their working environment. The retention and recruitment of top performers is and will be addressed by the HR management. An open communication culture, management that exemplifies the corporate values and a safe, healthy, and diverse working environment are all designed to promote employee commitment and identification with the work and the Company. The same applies to our presence in Germany (Munich) and in the US (Hauppauge, NY).

We also maintain a constant and trustful dialogue with shareholders, the financial community as well as the Swiss (SIX) and US (Nasdaq) stock exchanges where the shares of SHL Telemedicine are currently traded.
