## **SHL Telemedicine Subsidiary Mediton Awarded Continued Provision of Services to Israeli Ministry of Defense**

**TEL AVIV & ZURICH, June 24, 2026** - SHL Telemedicine Ltd. (SIX Swiss Exchange: SHLTN) ("SHL" or the "Company"), a leading provider of personal telemedicine solutions, today announced that Mediton Ltd. ("Mediton"), a subsidiary of the Company, has been notified by the Rehabilitation Department of the Israeli Ministry of Defense ("MOD"), a significant customer of Mediton, that following a tender process originally initiated during 2025, Mediton has been awarded the continued provision of services currently provided exclusively by Mediton.

The new engagement is for an initial term of three years on an exclusive basis. The MOD has also been granted an option to extend the engagement for an additional period of up to three years.

The volume forecast provided by the MOD for the term of the new agreement reflects a potential future decline in activity volume compared to the current annual level. At this stage, the Company is unable to assess whether, when, or to what extent such decline may materialize.

In addition, the commercial terms of the new agreement are less favourable than those under the current agreement. Accordingly, the foregoing may have an adverse effect on the Company's revenues and profits, the extent of which cannot be estimated at this time. However, based on the Company's current assessment, only part of the potential adverse impact is expected to be reflected in the short term.
