Press release

SHL receives District Court judgment in Israel regarding remaining 30% stake in Mediton and Medishur

The judgment relates to the amount to be paid for the remaining 30% stake in the subsidiaries and has no material impact on SHL.

Tel Aviv / Zurich, August 24, 2026 – SHL Telemedicine Ltd. (SIX Swiss Exchange: SHLTN) ("**SHL**" or the "**Company**"), a leading provider and developer of advanced personal telemedicine solutions, today announced that the Company received on August 21, 2026 the judgment of the District Court in Israel in connection with the dispute between the Company and the minority shareholders holding of the remaining 30% of the share capital of its subsidiaries, Mediton Medical Centers Chain Ltd. ("**Mediton**") and Medishur Ltd. ("**Medishur**"), regarding the payment of the purchase price for the remaining 30% stake and the Company's set-off notice in this regard:

According to the judgment, the Company is required to pay the full consideration determined under the arbitration's decision in return for the remainder 30% stake. The Court further held that the Company's claims and set-off arguments are reserved and may be pursued, in separate proceedings which the Company intend to pursue.

The Company will comply with the judgment and will take the necessary steps to complete the acquisition as soon as practicable. At the same time, based on the advice of its legal counsel, who are of the opinion that the judgment contains certain legal and factual errors, the Company intends to file an appeal with the Supreme Court of Israel.

The Company further notes that the consideration payable in connection with the acquisition of the minority shareholders' holdings, amounting to New Israeli Shekel (NIS) 31.1 million (approx. USD 10.3 million, see press release of the Company dated March 24, 2025), has already been fully provided for in the Company's financial statements. Accordingly, the judgment and the completion of the acquisition are not expected to have a material impact on the Company's financial position, results of operations, or financial statements. The judgment does also not affect the earlier purchase of the first 70% in Mediton and Medishur.

The Company intends to finance the acquisition through a bank credit facility that has received prior approval.
